

Natural avalanches in N. Bridgers

Fairy Lake

Bridger Range

4/22/2022

Code

SS-N-R2-D2

Latitude

45.90430

Longitude

-110.95800

Notes

From email: "Saw debris from a fairly recent [slab](#) avi that slid in lookers right of arrowhead bowl (tough to see in photo but the crowns appeared to be a couple feet deep). There were a bunch of other debris piles on similar aspects but I was too far for photos. They probably slid on Friday night [4/22/22] as the debris had a few inches on top. "

Number of slides

4
